

Good Service is Good Business

Accmar Equipment Co.

Good Service is Good Business!

Accmar Equipment Company manufactures the finest in quality:

- Dock Power Pedestals
- Dock lighting
- Aluminum Ladders
- Fenders & Brackets
- Line Supports & Hose Holders
- Water Pedestals
- Fire & Life Safety Equipment
- Fish Cleaning Stations
- And More!

Many of our products are made to order in our Miami, Florida facility to ensure the highest quality and attention to detail.

By taking our customer's needs into consideration and combining that with our innovative approach, we've developed our own line of dock accessories that are superior to any others currently on the market. We also offer free-of-cost electrical design support for your marina project, upon request. **Certain conditions apply.*

At Accmar, we recognize that happier customers lead to healthier business. We strive to provide excellent service by focusing on reliability, quality and continuity. **Visit us on the web:**

DON'T TAKE OUR WORD FOR IT.....

Good service is good business!

At Accmar Equipment Company, we recognize that happier customers lead to healthier business. We strive to provide excellent service by focusing on reliability, quality and continuity. We value your feedback and we work hard to ensure that your specific needs are met.

"Accmar Equipment has created a product that is superior to any other on the market. Easy to work with, to work on and to service and very pleasing to the eye when installed. I recommend Accmar Equipment products not only because they are the best on the market but also because they will give you the best customer service in the industry!"

Robert Vidal, Acme Marine Construction—Miami, Florida 2013

"Tricon Group has been sourcing dock products for our commercial and residential projects from Accmar for the past couple of years. Not only do they offer exceptional products but their customer service is outstanding as they are always available, responsive and supportive. We recommend Accmar without hesitation."

Lazaro Diaz, President - Tricon Group - Miami, Florida 2011

"Working with Accmar is a pleasure. Their personalized service, attention to detail and flexibility in customizing our orders have surpassed our expectations. We will continue to work with them on all future orders."

Jorge Otero, Captain J Enterprises - Miami, Florida 2010

"Accmar Equipment pedestals are very well built, easy to install and to work with and competitively priced."

Jose Calvo, Shore Marine Construction, Miami, Florida 2010

"Personalized service is excellent and all the technical questions we have are answered by Accmar and help us to enhance our own project."

Jimmie Cartwright, Manta Yacht Club - Ecuador 2009
